## BRITAIN AND GERMANY EXCHANGE MIGHTY AERIAL ATTACKS

### NAZIS STRIKE HARD AT ENTRY PORTS AS R.A.F. INTENSIFIES ASSAULTS

British Admiralty chief predicts "certain, quick" victory with U. S. aid; RAF night raiders blast Hamburg, Bremen, Emden, Rotterdam in big aerial offensive; Germans list 50 killed in two bomb-wrecked Hamburg hospitals; Nazi bombers rake Glasgow with "super-Coventry" assault, also attack Liverpool, London, Hull; Luftwaffe resumes use of scream-bombs.

Greeks report fresh Italian troops smashed in vain attempt to obey Mussolini "do something" order; Rome asserts Greek division cut to pieces in attack on Tepeleni mountain height; Fascist High Command says torpedo attack frustrated on Italian ships in Valona bay.

### GREAT GLASGOW BERLIN ADMITS SHIPBUILDING MUCH DAMAGE IN CENTER BOMBED CITY OF HAMBURG

London, March 14.—(P)—The British air force mauled frequently-bombed Hamburg overnight in the greatest assault yet, set oil facilities at Rotterdam ablaze, delivered "minor" attacks against Bremen and Emden and torpedoed and sank a Nazi supply ship off the Frisian Islands, the Air Ministry announced today.

This second straight night of trip-hammer blows against German and Nazi-held territory was delivered while the Germans were pounding the great Glasgow shipbuilding center, the port of Liverpool and an unidentified northeast town.

The northwestern corner of Germany, where German naval bases, shipyards, docks and marine and other industries are concentrated, has become the principal target of the RAF in the all-out offensive which followed upon the enactment by the United States of the British aid bill.

Striking in the clear light of a full moon, British bombers were said to have pounded the shipbuilding yard, docks and warehouses at Hamburg, adding new fires to those set off the night before.

Other targets near the mouth of the Elbe river, between Hamburg and the North Sea coast were "left burning fiercely," the Air Ministry communique said.

Bombers of the same command went on to blast Rotterdam, in the Netherlands, where more huge fires were reported started.

Bremen, where sprawling shipyards turn out many of Germany's ships, again was attacked, but on a smaller scale than Wednesday's night force assault. Emden, a major Nazi naval base, also was said to have come in for heavy attack.

Completing the nocturnal raids on continental objectives, single aircraft splashed bombs on two airbases in the Netherlands, the British said.

The loss of six planes was acknowledged and British claimed a bag of 12 German raiders last night and early today, bringing to 14 the number claimed in the past two days.

### Admiralty Predicts "Certain, Quick Victory" With Aid of U. S. Supplies

London, March 14.—(P)—A British victory "will not only be certain—it will be quick," if the Empire can hold on until American aid is received, First Lord of the Admiralty A. V. Alexander declared today.

"You can not win this national struggle except on the basis of 100 per cent national cooperation," Alexander told a parliament press luncheon.

"We are facing perhaps the most crucial state of the war in which the navy is called upon to play a very great part."

Minister of Shipping Ronald H. Cross told the engineers institute:

"I say frankly we are going to be faced with a really hard struggle at sea this year."

### G. O. P. Leader Insists Bills That Pass In Senate Will Be Few and Far Between

Lists "Must" Legislation General Appropriations, Taxes, Amendments to Compensation Laws and Council for National Defense

### BUT TWO APPROVED

Harrisburg, March 14.—(P)—Bills that pass the State Senate in the 1941 session of the Pennsylvania legislature will be few and far between, Senator Charles H. Ealy, president pro tempore, asserted today.

The Republican chieftain from Somerset county, in one of his rare public statements, served notice that he was opposed to a heavy flow of bills from the assembly to the governor and on to the law books.

"My own notion," said Ealy, "is that we have an excess of legislation and we don't need a great deal more of it."

As president pro tempore, Ealy is the leader of the 32-man Republican majority in the senate. He frequently substitutes for Lieutenant Governor Samuel S. Lewis as president of the body.

Ealy declared he thought it would be "a favor to the people to pass only 15 to 20 bills" and listed as the "must" legislation the general appropriation bill, the tax measures, amendments to the workmen's and unemployment compensation laws, the act for national defense and an appropriation for occupational disease awards.

The legislature convened January 7 and so far has passed only two bills. They were for emergency relief appropriations.

Action in the capitol was concentrated today among the executive departments, with the assembly in recess until Monday.

The state police disclosed that none of the 62,416 motorists who have used the Pennsylvania turnpike since it opened in October (Turn to Page Thirteen)

### TWO PERISH IN MORNING BLAZE AT HARRISBURG

Harrisburg, March 14.—(P)—A man and a woman perished and ten others were injured, including five firemen, in a general alarm fire early today which swept two buildings at 1303-05 north Third street, in the uptown section of Harrisburg.

The victims were Mrs. Carrie Schreck, a widow, and Carl H. Fraunfeiter, 46, an electrician at the Indianapolis Gap military post.

Coroner Earl H. Graham, who opened an investigation immediately, said both of the dead had suffocated.

The cause of the fire was undetermined. An estimate of the damage was not available immediately.

Fraunfeiter, a former Lancaster resident, a World War veteran and adjutant of the society of the 28th Division, and Mrs. Schreck were found dead in a second floor apartment of the larger building, a three story brick structure.

John Smith told hospital attendants the blaze broke out beneath the fire escape in the rear of the second floor at 1303. He and his family occupied the front of the building, a two floor, while Mrs. Schreck, Fraunfeiter and Harry Hughes, Mrs. Schreck's brother, lived in the rear of the second floor. Hughes was not at home at the time.

The fire started in a pile of tires in the rear of the building and flamed upwards, cutting off the escape route from the fire escapes. Trapped on the third floor, Mr. and Mrs. John Smith and two sons were rescued by ladders. All four suffered shock and burns and were reported in "unsatisfactory condition" at Harrisburg hospital.

The flames spread from the first building to the second, an unoccupied store. Two firemen were overcome by smoke, one suffered a heart attack and two were cut by flying glass.

### CONVOY NEED IS EMPHASIZED BY HEAD OF LEGION

National Commander Milo J. Warner, of Toledo, Back From Official Visit To England Sees Victory Only If Supplies Are Delivered

### FATE IN THE BALANCE

Indianapolis, March 14.—(P)—The American Legion's national commander, back from an official visit to England, said today that the British are "practically certain" to win the war with American supplies and that "we can feel more of it."

Commander Milo J. Warner, of Toledo, O., reporting to Legion headquarters on the organization's four-man mission to Britain, said that assurance of munitions and food from this country would enable the British to "carry on and keep their chips up."

"It is definitely in the balance whether they can win without our aid, that is, the actual delivery to them of these much needed munitions and food supplies," he said.

"With these munitions and food supplies their ultimate victory is practically certain."

"We can feel reasonably certain of getting munitions and supplies to England only by actually conveying them," he said.

"We should face the realities not dreams and hopes. We are furnishing the food supplies and munitions and we should see to it that they reach England. Otherwise our efforts will be futile."

Warner said that his group was given to understand that the British "do not have the trained technicians and personnel to take over our destroyers and ships and place them promptly into necessary combat and convoy operation."

"At no time," Warner said, "did we hear anybody express implicit confidence in England's ability to protect the shipping necessary to secure all the supplies from outside that they are badly needed."

The Legion mission was in England from Feb. 8 to Feb. 26 to study civilian defense work. Besides Warner, those in the party included his aide, Joseph S. Deuschle of Columbus, O.; former Commander Franklin D'Olier of Newark, N. J., president of the (Turn to Page Thirteen)

### INVASION UNITS BEING EQUIPPED

BY EDWIN STOUT  
London, March 14.—(P)—British war was disclosed today to be equipping invasion troops for use against both Germany and Italy.

These units would be landed by armored invasion barges carrying some 30 men each. The front of the barges are something like a steel shield with 18 portholes for fast-firing guns.

The water-borne troops would be protected by coordinated barges from naval guns and attack bombers.

An observer put together a picture of the invasion force from details disclosed during maneuvers against mock invasion troops a month ago and given out piecemeal in connection with the recent raid on Lofoten Island, off Norway, and parachute descents on Italy.

These observers pointed out that development of the amphibian shock force would make possible quick transition from active defense to offense when the time comes.

That time, they say, will be when the British air force achieves such technical and numerical superiority that it can bomb Berlin in daylight day after day without exceptional proportionate losses.

## President Plans Broadcast

### PROPOSAL OF MINERS REJECTED

Sub-Committee of Bituminous Operators and CIO Workers, Meeting in New York, Attempt to Find Common Ground For Negotiations of Contract to Replace One Expiring March 31, After Lewis is Turned Down

### AGREEMENT REACHED WITH EDISON COMPANY

By the Associated Press  
The threat of a strike at seven New Jersey and Pennsylvania plants of Thomas A. Edison, Inc., was cleared away today by union acceptance of a new contract.

Meanwhile sub-committees of Bituminous Coal Operators and CIO United Mine Workers, meeting at New York, attempted to find common ground for negotiation of a contract to replace one which expires March 31.

The Edison agreement calls for a wage increase and a modified preferential shop. Niel Brant, international representative of the CIO-United Electrical, Radio and Machine Workers of America, estimated it would increase the annual wages of 2,000 workers by about \$255,000.

The Edison Company operates six plants in the Newark area and one at Hellerton, Pa. The company makes editorial equipment and has about \$200,000 worth of defense orders.

The soft coal labor conference yesterday recessed overnight on a note of deadlock. John L. Lewis, president of the union, had proposed that the mines be kept in operation pending settlement of differences, with any wage increases or better working conditions agreements to be retroactive from next April 1. Major bituminous operators rejected this proposal, as well as union demands for a blanket pay increase of \$1 a (Turn to Page Six)

### EXPANSION OF SECURITY PLAN IS SUGGESTED

Washington, March 14.—(P)—President Roosevelt recommended at a press conference today that the number of persons covered by the social security program and the benefits they receive be increased.

Some developments on this program, he said, may be expected in the spring.

Answering questions, the chief executive said a good deal of consideration had been given to revision of the social security program. The general idea, he asserted, was that coverage as regards the number of human beings affected and the greater equalization of benefits for old people was something that we want to go ahead with.

He said it was better to increase coverage and raise standards gradually each year rather than try to obtain a utopia at one time. Millions of old people not within the scope of social security should be, he said, and old age benefits ought to be increased over a period of years so there would not be so much dependence on state grants.

In the richer states, the president declared, old age benefits are three to five times greater than in the poorer states. A formula is being prepared, the chief executive said, which would base federal grants more nearly on per capita wealth of inhabitants of any given state. This, he said, would not penalize the richer states and require them to make larger contributions, but the extra load would fall on the federal government.

RADIO ENGINEER KILLED  
Chicago, March 14.—(P)—De Motte H. Little, 36, of suburban Glenview, an engineer at the WEBAI radio transmitting station was electrocuted early today when he accidentally brushed against a highly charged wire in the station. No program was being broadcast at the time.

### Flood Emergency Committee for State is Reorganized as a Precautionary Measure

### 50 Dead in Blast at Spain Powder Depot

Seville, Spain, March 14.—(P)—Fifty persons were killed, authorities estimated, when the Santa Barbara powder depot near Seville blew up today.

The number of injured was placed at 450.

All Seville felt the blast violently. A workers' suburb of 300 houses was wrecked, scarcely one of the houses remaining intact.

In all, 2,500 persons were left homeless.

Only a few persons escaped from the powder depot, and a textile factory under construction nearby was all but demolished.

Five soldiers guarding the powder house were among the dead.

### TESTIMONY IS CONCLUDED IN HEADLEY TRIAL

### Waynesburg 'Murder Plot' Case is Expected to Go To Jury After Judge's Charge Some Time During the Afternoon

### EVIDENCE IS DENIED

Waynesburg, March 14.—(P)—Testimony was completed today in the week-long trial of Robert Headley, 49-year-old gas field worker, charged with plotting to kill his wife so that he could marry another woman.

Attorneys arranged to start their closing arguments immediately and expressed the belief the case would reach the jury late today.

Headley testified yesterday his seven year romance with Mrs. Otis Cumberledge, 35-year-old widow, was "a joke" and clung steadfastly to his story under cross examination.

Mrs. Cumberledge had accused him of suggesting a plot to slay Mrs. Ada Hubbard Headley, 44, during a fake holdup at the Headley home in Pine Oak last August.

Headley, on trial charged with conspiracy to murder his wife, said that any mention of love he might have made to Mrs. Cumberledge "was a joke as far as I was concerned. Under cross examination he admitted that letters and postcards containing endearing words and introduced by Mrs. Cumberledge were in his handwriting.

The thin, hollow-eyed defendant blamed "two masked men" for the shooting of his wife in a holdup. He claimed one of the pair robbed him of his pocketbook while the other opened fire on his wife. Mrs. Headley recovered from the bullet (Turn to Page Thirteen)

### BODY FOUND IN SHALLOW GRAVE

St. Petersburg, Fla., March 14.—(P)—The body of a 33-year-old woman, identified by Chief of Police E. D. Vaughn as that of Ruth Rawlins, a winter visitor from Canada, was removed early today from a shallow roadside grave near Gainesville, Fla.

He said two St. Petersburg taxi cab drivers confessed they killed her here Wednesday night, hauled the body in a cab 115 miles and buried it.

Vaughn said the woman's body was buried two or three feet under ground at the edge of a new graded road, about 10 miles north of Gainesville.

"Robbery," he added, "was not a motive. She was buried with her diamonds, and there was a wrist watch on her hand."

He added that the taxi drivers, whom he identified as Frank E. Hogan, 27, and Earl J. Allen, 33, were arrested by deputies under Sheriff Neil F. Law of Brooksville.

"They confessed," he said, "that the woman was killed in Allen's apartment, that they wrapped the body in a blanket, took it down stairs, put it in a taxicab and hauled it to near Gainesville where they buried it."

"They would give no information as to why the woman was killed,"

Secretary of Forests and Waters G. Albert Stewart is Named Chairman Succeeding Gen. Edward Martin, Now in Active Service

### OFFICIALS OPTIMISTIC

Harrisburg, March 14.—(P)—Governor James reorganized the state flood emergency committee today "purely as a precautionary measure," as the time for possible spring floods approached.

G. Albert Stewart, state secretary of forests and waters, was named chairman of the committee to succeed Gen. Edward Martin, who has been called into active army service.

The governor told the committee that it should be prepared to function "purely as a precautionary measure."

One of the first moves will be to ascertain if the National Guard, now in federal service, will be available in the case of emergency. In the past, guardsmen have been called out in flood-stricken areas. Adjutant General Robert Vail and Stewart were named to confer with third corps area army officers.

Stewart said he viewed the flood situation this year with "considerable optimism." He pointed out there was "considerably less snow than last year," and that the snow had "considerably less water content."

The secretary said two ice gorges in the Susquehanna river—one in Dauphin county and the other farther upriver—were causing "some concern." The situation in the western part of the state was described as "very encouraging."

The committee, first organized in 1939, will establish headquarters in the governor's office in the event of flood. Field offices will be set up in the flood areas.

Col. C. M. Wilhelm, state motor police head, said sufficient men (Turn to Page Thirteen)

### PROBE MINE TRAGEDY

Revoloc, Pa., March 14.—(P)—A committee of three state mine inspectors today began an investigation of an explosion in the Monaca Coal Mining Company's mine which cost the lives of four men yesterday.

Richard Maize, state secretary of mines, made a preliminary investigation here last night and appointed the committee of George J. Steinheiser, Indiana, chairman; William Lamont, Ebensburg, and Dennis J. Keenan, Barnesboro.

### GIANT SHIPYARD IS PROMOTED BY PENNSYLVANIAN

Jacksonville, Fla., March 14.—(P)—A Pennsylvania industrialist is promoting construction of one of the largest shipyards in the nation—one with 25 ways at which merchant vessels will be built here for the government.

Walter A. Jones, of Pittsburgh, chairman of the Pennsylvania Turnpike Commission, announced organization of the Jacksonville Shipbuilding Corporation which he said will employ between 25,000 and 30,000 men.

The 25 ways will be built on a 1,300-acre tract on an arm of the St. Johns river, between Jacksonville and the Atlantic ocean, at an estimated cost of \$25,000,000 to \$40,000,000.

### Administration Attitude Toward Butler Hospital is Questioned by Democrats

Harrisburg, March 14.—(P)—The Democratic majority in the House charged the James administration today with "enormous deception" and said the governor's biennial budget discloses lack of intent to open the \$2,000,000 Butler tuberculosis sanatorium.

Rep. Leo A. Acherman, majority floor leader, said "the governor's decision will deprive between 300 and 600 patients of hospitalization."

Acherman said the appropriations committee questioned Dr. John J. Shaw, secretary of health, on the recommendations for his department and: "Dr. Shaw flatly stated that he did not expect to open Butler." "Yet bids have been asked for equipment at Butler," Acherman asserted.

"During the past two years the building was completed but left unoccupied. Now it is to be equipped and left empty. Maybe by 1943 we shall have a staff but no patients and by 1945 we shall at last be ready for any victims of tuberculosis who have not died in the waiting period."

Governor James said at the start of his term the Butler institution, built as part of the General State Authority program, would be kept closed for a time for reasons of economy.

Acherman said Dr. Shaw had asked the governor for \$750,000 for Butler "and James just left out Butler completely." He added that Shaw's total budget recommendation of \$3,550,000 had been reduced \$900,000 by the governor and: "Our conclusion was that Butler had been left out of the governor's calculations entirely. Dr. Shaw confirmed our suspicion."

### Chief Executive Informs Reporters at Press Conference of Plans to Deliver Radio Address at Annual Dinner Given Him By White House Correspondents; Subject Will Be Defense and Aid to Britain

### APPROPRIATION BILL ADVANCING RAPIDLY

Washington, March 14.—(P)—President Roosevelt will make a radio address to the nation tomorrow night on defense and aid to nations battling aggressors.

He will speak at 9:30 p. m. (EST) for 30 minutes at an annual dinner given him by the White House Correspondents Association and his address will be broadcast.

The chief executive asked reporters at his press conference for permission to inject the address into a program for the dinner and was assured that he might do so.

On the questions of the special nature of war supplies that have been or will be sent to Britain, Mr. Roosevelt chose to remain indefinite. He said, in response to questions, that there had been no decision on transferring additional naval craft of any type. As for cargo vessels, he said this country had none available for transfer.

Secretary Stimson earlier told reporters that some defense material to be transferred to Great Britain under the lend-lease act already had started to its destination.

For the moment the secretary of war withheld details.

"The information will come out in due time," Mr. Stimson told a press conference. "As far as I am concerned, no details will be disclosed prematurely. I don't think it would be fair to Great Britain."

Asked about printed reports that approximately 100 naval ships of various types, including torpedo boats, destroyers and old submarines, would be turned over to the British, Mr. Roosevelt said they were entirely inaccurate. He said there had been no consideration given to types or numbers of ships, although that did not mean that in the future some war vessels might not be transferred to Britain.

The president said Springfield rifles were not included in the first list of items approved for shipment to Britain and Greece, but asked (Turn to Page Thirteen)

### UNCLE'S TRUCK KILLS FOUR-YEAR-OLD CHILD

Johnstown, March 14.—(P)—Four-year-old Robert Harris was crushed to death beneath the wheels of his uncle's truck in Conemaugh township yesterday.

State Policeman F. O. Lease said that Walter Rucosky, 27, of Johnstown, was backing the truck to dump a load of ashes when he heard a scream and stopped it to find his nephew's body near a front wheel.

Rucosky said he had first let the boy and his brother, William, 3, get out of the truck cab as a safety measure, fearing the machine might topple over an embankment.

### Late Associated Press News Dispatches

Dublin, March 14.—(P)—Eire ground batteries fired on a plane of unidentified nationality which flew over Dublin Bay today, the government information bureau announced.

Belgrade, Yugoslavia, March 14.—(P)—Despite continuing Axis pressure, Yugoslav government leaders failed to leave today for Germany to talk over terms with Adolf Hitler as had been expected.

Berlin, March 14.—(P)—Twenty-six persons were killed and 28 injured in the British raid on Berlin night before last, it was officially announced today.

Washington, March 14.—(P)—President Roosevelt told reporters today he was hopeful of doing a little traveling as soon as he could.

Athens, Greece, March 14.—(P)—RAF headquarters announced today 14 Italian fighter planes were shot down and a number badly damaged yesterday in a battle over the Klisura-Tepeleni sector of Albania without the loss of a single British plane.

Lancaster, March 14.—(P)—William G. Redcay, on trial charged with murdering Robert R. Hackman, testified today he only wanted to eat up Hackman because he wouldn't stop going with his former sweetheart.

London, March 14.—(P)—Britain asked quick help from the United States to bolster her merchant marine in a statement issued today at No. 10 Downing Street. The statement said Prime Minister Churchill was sending Sir Arthur Salter, parliamentary secretary to the ministry of shipping, to the United States immediately to work out details of aid to shipping.

Pittsburgh, March 14.—(P)—Joseph C. Haering, president of the United Farmers of America, says milk producers of the Pittsburgh area will go on strike unless the state milk control commission takes some action to save them from "bankruptcy."

Harrisburg, March 14.—(P)—The Public Utility Commission and the Interstate Commerce Commission will confer in Washington next Wednesday on a complaint against freight rates by 20 hard coal producers in Pennsylvania and New York.

Those interested in learning to drive an automobile or to become better drivers may register for the course either at the Warren County Motor Club or at the school, which will be held in the Warren High School building.

**CHURCH DESTROYED**  
Fire which was discovered about 3:30 o'clock yesterday afternoon completely destroyed the Methodist church at Mayville, N. Y. Only the tower, which contains a historic bell from Chautauqua Institution, the first to ring out from Miller Park, escaped the ravages of the flames. The Rev. K. E. Shindecker, pastor of the church since last September, was unable to estimate the loss. The structure was covered by insurance. Mayville and Chautauqua fire departments saved the church parsonage on one side of the structure and another residence on the opposite side. The church was built originally in 1851 and reconstructed in 1880.

**FREQUENCY AND CALL LETTERS ARE ASSIGNED**

Installation of the police radio system of the Warren Police Department is expected to be started within the next three weeks, it was stated this morning by Police Chief George F. Haehn.

The local department yesterday received from the secretary of the Federal Communications Commission its frequency assignment, call letters and construction permit.

The frequency assigned to the local department, it was stated, is 31.100 kilocycles. Call letters of the Warren department will be WXYE.

It was previously stated that the transmitter for the local department has been assembled at the factory and that it was being held there pending assignment of frequency, in order that it might be set properly before being sent here.

**TIMES TOPICS****TAKE FIRST PRIZE**

It has just been reported that the Young Troubadours of North Warren won first prize last Saturday evening in the Shee's Theatre-Jamestown Journal amateur contest. The young people were termed "an exceptionally capable quartet of musicians." The three girls and a boy were especially adept, playing two violins and two guitars. There were eight groups in the competition.

**TIMES TOPICS****FRACTURED WRIST**

Mrs. Hattie Smith, of Lottsville, was treated at the Warren General Hospital this morning for a fracture of the left wrist, sustained last evening when she slipped and fell on an icy walk near the Lottsville church. She was discharged following treatment.

**CAROLE LOMBARD AND ROBERT MONTGOMERY IN "MR. AND MRS. SMITH"**

At the Library Theatre Today and Sunday

An unusually fine cast has been assembled to appear in support of Carole Lombard and Robert Montgomery in their current starring comedy, "Mr. and Mrs. Smith," which is being hailed as one of the most delightful marital farces of the season. Gene Raymond tops the supporting cast as Montgomery's romantic rival for Miss Lombard's affections. Other pivotal roles are portrayed by Jack Carson, as a playboy; Philip Merivale and Lucille Watson as Raymond's stuffy parents, and Betty Compson as a night club moth.

Alfred Hitchcock directed the film for RKO Radio.

# Use of Surplus Food Stamps Here Discussed at Meeting of Dealers

At a meeting held yesterday at the Y. M. C. A. here, 35 food distributors of the county heard a discussion of the plan for the use of surplus food stamps, soon to be introduced here.

The program was outlined by J. E. Conaboy, of Meadville, representative of the Surplus Marketing Administration of the U. S. Department of Commerce.

The meeting was under the auspices of the Warren Chamber of Commerce, which is sponsoring the project. W. E. Yeager, Chamber president, was in charge.

In his introductory remarks he pointed out that the use of the stamps will be equivalent to opening a new industry in Warren, and expressed his pleasure that the Chamber had been able to secure this benefit for the food distributors of the county. He then introduced Emmons R. Jones, of the Smith-Horton Company, chairman of a special committee handling details in connection with the project.

"I wish," said Mr. Jones, "to express my sincere conviction that in securing the use of these stamps, in competition with great numbers of other communities which are eager for them, we are deeply indebted to the Warren Chamber of Commerce for its foresight in applying early for the stamps and its constant effort to secure authority from Washington to be included in the five-county district being set up in this end of the state. It is going to mean much additional money to us now; and if in the future the number of persons receiving relief should increase, the amount of money sent here by the federal government, to pass through the food distributors' accounts, will be correspondingly larger."

The representative of the administration explained that all persons employed on WPA projects, or receiving direct relief, mothers' assistance, old age pensions, pension to the blind, etc., will be eligible to use the stamps.

He estimated that through the use of stamps the sum of new money put into circulation weekly would be \$1,850, or the equivalent of an annual industrial payroll of almost \$100,000.

The details for securing the stamps will be mailed in about two weeks to every one eligible to secure them; and immediately thereafter a representative of the S. M. A. will present himself at regular, stated periods in Youngsville, Tidioute, Warren, Russell, Kinzua and Sheffield, in order that relief recipients may secure stamps conveniently.

The stamps will be used in food stores the same as money and may be redeemed for cash by food distributors or turned over in payment for goods at wholesale establishments.

It was pointed out that no special stock need be carried by distributors and that they could purchase their supplies from their regular wholesalers.

The Warren Clearing House Association has made available the sum of \$7500 to cover the issuance and distribution of the stamps. A representative of the association will meet at an early date with representatives of other financial organizations in the five-county district to discuss methods of handling the project.

Mr. Yeager appointed Mr. Jones and C. L. Tyler, manager of Armour & Co., to serve as an advertising and steering committee, with H. W. Correll as secretary of the Warren county group.

## CONFER DEGREE, NAME OFFICERS OF ENCAMPMENT

Kossuth Encampment, No. 98, I. O. O. F., held an interesting and busy session last evening in Odd Fellows' Hall, when officers for the ensuing term were elected and the Royal Purple degree was exemplified by a team from Union City after which a chicken dinner was served by the Rebekahs.

Grover C. Lind was chosen chief patriarch during the election, and other officers were named as follows: Senior warden, Raymond Olson; junior warden, Emory A. Gilson; trustee, Ray Farnsworth; representative to the Meadville Home, Emory A. Gilson.

It was announced that installation will be held March 27th, when District Deputy Grand Patriarch Ralph Wilkins, of this city, will be present with his staff. On that evening a pancake supper will follow the meeting.

The team from Union City was highly complimented for the excellence of the exemplification. Patriarchs were also in attendance from North East, Tidioute and Sheffield.

Swanson was the recipient of a gift of money.

## SCOUTS ARE HOMEMAKERS

Conservative people looked askance at the first Girl Scout troops, fearing a cult of tomboyism. Girl Scout records show, however, that since the movement was founded in 1912, homemaking activities, including cooking, sewing and child care, are the most popular of Girl Scout activities. In 1940, more than 100,000 merit badges for proficiency in homemaking were awarded.

## TIMES TOPICS

### U. C. T. MEETING

The initiatory degree exemplified by the Butler degree team of the United Commercial Travelers upon a large class of candidates in the Warren council was very much enjoyed at the last regular local meeting.

### INURED AT WORK

Mrs. Charles Heeter, 12 Buchanan street, has just received word that her son, Cloyd Heeter, is a patient in the Titusville Hospital as the result of injuries received while working in that city and that it may be necessary for him to submit to an operation. A former resident here, Mr. Heeter has many friends who will be sorry to learn of his misfortune.

### K. OF C. PARTY

Warren Council, Knights of Columbus expect to honor St. Patrick's Day next Monday evening with a cabaret and dance in the social rooms of the organization in the Kitchener block on Second avenue. Plans have been made by the committee for an evening of rare entertainment and enjoyment, and it is expected the affair will be attended by many of the members, their ladies and invited guests.

### ELKS BRIDGE

In the weekly contract bridge tournament at the Elks Club last night, first place was taken by Angelo Scialise and Marshall Hansen. Herb Murphy and Ed Koebler were second, with Henry Hunsinger and Ivan Greenlund third. Four tables were in play. It was announced that on Tuesday evening, March 18, there will be a duplicate bridge party at St. Joseph's hall for the benefit of the Greek Relief Fund.

### CHEMICAL SOCIETY

Dr. Maurice L. Huggins, of the Eastman Kodak Company Research Laboratories, Rochester, N. Y., will address the dinner meeting of the Pennsylvania-New York Western Chemical Society at a meeting to be held at the Carver House on Tuesday, March 25. In his lecture, entitled "Giant Molecules," Dr. Huggins will describe and correlate the physical and chemical properties of asbestos, cellulose, proteins, rubber, mica with their molecular and ionic structure.

### RADIO ADDRESS

The eleventh in a series of radio addresses by cabinet officers and state department heads will be given Monday night by William J. Hamilton, Jr., secretary of revenue, according to a Harrisburg dispatch. Hamilton will detail the work of his department during the first two years of Governor James H. Hamilton's administration. The address will be broadcast and rebroadcast over the stations: WFBE, Altoona; WERE, Wilkes-Barre; WJAC, Johnstown; WHP, Harrisburg; WKOK, Sunbury, all from 9:30 to 9:45 p. m.; WFIL, Philadelphia, 10 to 10:15; WJAS, Pittsburgh, 11:15 to 11:30.

### PERSONAL INJURIES

On the Pennsylvania Railroad, personal injuries to employees were reduced 86 percent in the past 14 years, principally through educational activities, augmented by the lively rivalry between the 28 divisions comprising the system in the annual safety contest promulgated by the president of the company. It was stated today that certificates are awarded annually for the best record in each of the several departments; the award for the station department was won by the Renovo division for the year 1940 and the president's certificate was presented to that department by Superintendent W. D. Supplee at a large gathering of employees Tuesday evening in Erie.

### APPROVAL GIVEN

The American Hospital Association representing the hospitals throughout the entire United States has bestowed its official seal of approval on the Hospital Service Association, it is announced. The service association is the medium through which the hospitals in this part of the state, including the Warren General Hospital, extend their facilities to the public on the basis of a community project. Several factors were taken into consideration by the American Hospital Association in making the award. Included among the more important requirements is that of direct hospital sponsorship of the movement which means that the project represents action by the participating hospitals themselves in the campaign to widen the scope of hospital care.

### Proposal of Miners Rejected

(From Page One)

Charles O'Neill, of New York, spokesman for the operators, said the retroactive pay stipulation would impose a "financial liability" of many millions of dollars upon the operators, and he also declared that its adoption would put Lewis into a position to fluster the conference. Lewis denied O'Neill's assertions.

Industrialists and organized labor alike viewed with interest official proposals for creation of a federal mediatory board to deal with strikes in defense industries. Labor Secretary Perkins and William S. Knudsen and Sidney Hillman, co-directors of the office of production management, were reported authoritatively to have laid before President Roosevelt yesterday a recommendation for an 11-member board.

Details were not discussed, but it was expected that employers, employees and the general public would be represented if the president decided to form such a board by executive order.

In another Washington development, the Labor Department announced that its conciliation service last month settled 286 strikes, threatened strikes, lockouts and other labor controversies, involving a total of 157,000 workers.

Plans were being speeded for a hearing on the CIO-United Automobile Workers petition for a collective bargaining election at two Ford Motor Company plants in the Detroit area, following conflicting reports of a labor disturbance at the Ford rolling mills and open hearth department yesterday. Tentative plans call for a hearing on the petition March 28. It would involve some 35,000 workers at Ford's Highland Park and Rouge plants.

Strikes continued to spot industrial New Jersey despite settlement of the Edison controversy. Three thousand workers remained out at the Aluminum Company of America plant at Edgewater, so did 1,500 at the General Instruments Corporation plant at Elizabeth and 2,000 at the Cornell Dubilier plant in South Plainfield.

In New York City, further conferences were called today in the effort to settle the bus strike which has paralyzed 95 percent of Manhattan's surface transportation facilities for four days. CIO-Transport Workers are asking pay increases.

Most partially deaf persons are able to hear conversation better in noisy places.

Mr. and Mrs. James R. B. Caldwell and daughter Sandra, have returned from Warren.

Members of the local board of supervisors have announced that the following persons have aided financially in the upkeep of the old cemetery plot the past year: Nora Crooks, Jacob Schuler, Mrs. E. L. Vansickle, W. P. Williams, Mrs. Ira Williams, Harry Hammond, Garth Stoltz, G. A. Prue, W. Williams, Theodore Frank, M. C. Gardner, R. H. Duntley, R. J. Clawson, Stanley Platt, J. R. Crooks, George Black, James Pascarella, W. C. Marsh, Wm. Carman.

O. J. Tome, a patient in Bradford hospital, is improving satisfactorily.

Harry Mathers is able to be out again following an injury by falling.

Mr. and Mrs. C. E. Bortoff had visitors from Bradford last week.

Dr. C. C. Flatt, of Kinzua, well known county physician, observed his birthday anniversary on March 5th, with a family dinner party.

Some from here attended the Pomona Grange sessions in Youngsville. Mrs. P. R. Duntley was a member scheduled on program.

Work on the new bridge along Corydon-Bradford road, getting under construction last fall, is progressing extremely slow. By early completion isn't expected until early summer.

It is in fair condition. A winter of tremendous snow has aided by keeping deep ruts filled.

Mrs. Sara Morrison is visiting Mr. and Mrs. Edward Wilson and family in Jamestown.

Mr. and Mrs. Floyd Peterson spent Tuesday evening with her father.

Mrs. Anna O'Dell is reported improved from illness.

### AMUSEMENTS

The All-Time Prize Panic Of The Screen At Library Theatre Today and Saturday

A legal technicality by which a scrappily married young couple suddenly discover they're not married at all, forms the theme of the new Carole Lombard-Robert Montgomery vehicle, "Mr. and Mrs. Smith."

The slight alteration in the boundary line of a Western state makes for all the trouble, and eventually annuls the three-year wedding ceremony of the Smiths. Ordinarily all they would have to do is to remarry immediately, but to do so at the moment the Smiths are having some domestic difficulties, and the news comes as something of a shock.

Around this hilarious situation, with its many mirthful possibilities, is woven what is said to be the year's most entertaining comedy, with Alfred Hitchcock directing the two stars. How Smith frantically endeavors to persuade Mrs. Smith to marry him again, and the introduction of Smith's law partner as a rival in the case, with the heroine unable to make up her mind which man she wants to marry, all lead to hectic consequences and a riotous climax.

Gene Raymond plays the top featured role of the partner, and such noted players as Jack Carson, Philip Merivale, Lucille Watson and Zethor Dale have important supporting roles. Harry E. Edington, for RKO Radio, produced the picture from Norman Kraza's original screen-play.

### RECORD-HOLDER

Youngest member in the history of the United States Supreme Court was William Johnson, who was 32 years old when appointed in 1804 by Thomas Jefferson. He served until 1834, when he died.

The annual payroll is expected to run over \$25,000,000. Associates of Jones in the new corporation which has filed incorporation papers with the secretary of state in Tallahassee, are L. E. Detweiler, executive vice president who described it as "one of the largest undertakings of its kind ever" launched in the United States; Grant B. Shipley of Pittsburgh, former president of the New York Ship and Drydock Corp.; and Captain V. Younkewitch, prominent naval architect and designer of the French liner Normandie.

Detweiler said a staff of engineers, headed by John M. Rice of Pittsburgh, already has been making a survey for the government, 35 draughtsmen have been working on preliminary ship sketches.

The special activity for the next meeting, it is announced, will be sewing and knitting for Bundles for Britain. Each member is asked to bring her lunch, and Mrs. F. C. Eaton, past president, cordially invited the members to meet at her home for this April session.

1. Baseball. There are nine men on a baseball team; the score could be three and two, two and one, two strikes.

2. Football. Six-two-two-one is a typical defense. Red Grange, famous Illinois back, used No. 77.

3. Bowling. Referee counts one to ten in counting a man out.

4. Tennis. Forty-three is a typical score.

5. Bowling. 300 is top score. Track: 440-yard run. Automobile racing: 500-mile race at Indianapolis; or baseball: 500 is a variation of the sport.

I hope that hand No. 13 in this year's World Bridge Olympic, which is to be held April 17, will not prove the Jonah that last year's hand No. 13 was. The committee prescribed the bidding, and figured that the only problem on the hand was for East to make the correct opening.

They stated, "The whole defense hinges on the opening lead. East is expected to see from the bidding and his holding of top clubs that the best plan is to lead through South's declared heart suit, in an effort to knock out the side entries to the declared club suit. After any other lead, declarer should make game easily."

But many defenders tried other opening leads and still made life difficult for declarer. An East player in a game at Portland, Ore., opened the five of diamonds. The jack forced the ace, and North laid down the queen of clubs. East held off, then won a second lead of the suit.

Now East saw it might be a good idea to attack the hearts. Declarer could not afford to duck a round of this suit, because then a diamond would come through and thus set up the fifth trick for the opposition. So South won the heart and led another club. East won and continued a heart.

While South was able to run the club suit, he lost his contract because the spade suit was not established. As soon as West got in with the ace of spades, he cashed two good heart tricks.

as much as the community thought proper, was socially ostracized.

The new setup will work out about like this:

Anyone having dimes, quarters, four-bit pieces or dollars he doesn't know what to do with will be entitled to buy the interest-bearing defense saving stamps. The stamps can be pasted on cards or in books, which will be provided free.

When the stamp collector has accumulated up to \$18.75, he can trade the stamps in for a baby bond, which will have a face value of \$25. That is, it will be worth \$25 if the owner hangs on to it till it's due, ten years later.

Of course, if the purchaser has the \$18.75 in a bunch, he can buy the bond without the stamps, direct, or for \$37.50 he can buy a \$50 bond, and so on. Individuals, however, will be limited to \$3000 worth of bonds apiece in order to spread out the purchasing.

For estates and trust funds there may be larger denomination defense bonds—\$5,000 and \$10,000—but the interest rate will be lower and the limit on these will be \$50,000. The baby bonds and stamps have an average yield of about 2.8 per cent interest, compounded semi-annually, but the rate varies, depending on how soon they are turned in. They may be turned in at any time, 60 days after purchase, but the longer you hold them the more interest you get.

With as democratic a setup as this, you may soon figure on going into the grocery store, throwing down a buck, and asking for

### THE FELLOWSHIP OF PRAYER

The Remnant

FRIDAY, MARCH 14. "And the remnant . . . shall again take root downward, and bear fruit upward." Read Isaiah 37:31-35.

The ageless ascent of life, they tell us, has always been through some sifted and prophetic remnant, survivors of sore tests but thereby proved and tempered. The most precious things have always been entrusted to some steadfast remnant. Faith and freedom, truth and goodness have again and again been saved by a remnant. Their heroisms are the glory of history. Their fidelities are the splendor of spirit in action. They have held the future in fee.

Our own strength is in some faith no doubt can darken; some love no hatred destroy; some loyalty which no adverse tides can engulf. It may be that a remnant will again rebuild a nobler human and Christian order and the future acclaim not massed power but the remnant it could not break.

PRAYER: O Thou Refuge of the Hard-Beset and Sure Support of the Steadfast, we thank Thee for all those whose fidelities have blessed the unborn, whose vision has kept undimmed the great lights. Give us grace and wisdom to maintain and increase what they have bequeathed to us. In the Master's name. Amen.

"a can of beans, a loaf of bread—and the change in defense saving stamps."

## NOTED SPEAKER TO APPEAR AT FOREMEN'S CLUB

Dr. Allen A. Stockdale, one of the country's most eloquent speakers, will address the annual dinner-meeting of the Foremen's Club at the Y. M. C. A. next Monday evening at 6:30 o'clock. His subject will be "The America We Defend."

In addition to the Foremen's Club, members of the local service clubs also will attend the dinner.

Dr. Stockdale is a native of Zanesville, Ohio. He was graduated from the Boston University school of theology and did post graduate work in philosophy and sociology. He was a resident student at Oxford University in England during 1922-23.

Dr. Stockdale has held pastorates in Boston, Toledo, Chicago and most recently at the First Congregational church in Washington, D. C.

During his residence in Boston, Dr. Stockdale was chaplain of the Emerson College of Oratory and at present he is a trustee of that institution.

He served for six months in France during the World War as a Red Cross field worker. It was with the Second Division near Soissons in July, 1918, that the commission of captain.

Dr. Stockdale is the author of many bits of well-known poetry. He was at one time editorial contributor to the People's Home Journal, the National Geographic, and the National and the Congressionalist, and was formerly editor of the Reveille, a local magazine.

Since November 1, 1937, Dr. Stockdale has been speaking exclusively for the National Association of Manufacturers.

## TIMES TOPICS

## C. C. T. MEETING

The initiatory degree exemplified by the Butler degree team of the United Commercial Travelers upon a large class of candidates in the Warren council was very much enjoyed at the last regular local meeting.

## INJURED AT WORK

Mrs. Charles Heeter, 12 Buchanan street, has just received word that her son, Cloyd Heeter, is a patient in the Titusville Hospital as the result of injuries received while working in that city and that it may be necessary for him to submit to an operation. A former resident here, Mr. Heeter has many friends who will be sorry to learn of his misfortune.

## K. OF C. PARTY

Warren Council, Knights of Columbus expect to honor St. Patrick's Day next Monday evening with a cabaret and dance in the social rooms of the organization in the Kibben block on Second avenue. Plans have been made by the committee for an evening of rare entertainment and enjoyment and it is expected the affair will be attended by many of the members, their ladies and invited guests.

## ELKS BRIDGE

In the weekly contract bridge tournament at the Elks Club last night, first place was taken by Ange Scialle and Marshall Hansen. Herb Murphy and Ed Koebler were second, with Henry Hunsinger and Ivan Greenlund third. Four tables were in play. It was announced that on Tuesday evening, March 12, there will be a duplicate bridge party at St. Joseph's hall for the benefit of the Greek Relief Fund.

## CHEMICAL SOCIETY

Dr. Maurice L. Huggins, of the Eastman Kodak Company Research Laboratories, Rochester, N. Y., will address the dinner meeting of the Pennsylvania-New York Western Border Section of the American Chemical Society at a meeting to be held at the Carver House here on Tuesday, March 25. In his lecture, entitled "Giant Molecules," Dr. Huggins will describe and correlate the physical and chemical properties of asbestos, cellulose, proteins, rubber, mica, and their molecular and ionic structure.

## RADIO ADDRESS

The eleventh in a series of radio addresses by cabinet officers and state department heads will be given Monday night by William J. Hamilton Jr., secretary of revenue, according to a Harrisburg dispatch. Hamilton will detail the work of his department during the last two years of Governor James' administration. The address will be broadcast and rebroadcast over these stations: WFGB Altoona, WBRE Wilkes-Barre, WJAC Johnstown, WHP Harrisburg, WKOK Sunbury, all from 9:30 to 10:15 p. m. WFIL Philadelphia, 10 to 10:15 p. m. WJAS, Pittsburgh, 11:15 to 11:30 p. m.

## PERSONAL INJURIES

On the Pennsylvania Railroad, personal injuries to employees were reduced 86 percent in the past 11 years, principally through educational activities, augmented by the lively rivalry between the 28 divisions comprising the system. The annual safety contest, promulgated by the president of the company, was stated today. Certificates are awarded annually for the best record in each of the several departments; the award for the station department was won by the Renovo division for the year 1940 and the president's certificate was presented to that department by Superintendent W. D. Sipple at a large gathering of employees Tuesday evening in Erie.

## APPROVAL GIVEN

The American Hospital Association representing the hospitals throughout the entire United States has bestowed its official seal of approval on the Hospital Service Association, an organization which is the medium through which the hospitals in this part of the state, including the Warren General Hospital, extend their facilities to the public on the basis of a community project. Several factors were taken into consideration by the American Hospital Association in making the award. Included among the more important requirements is that of direct hospital sponsorship of the movement when action by the participating hospitals themselves in the campaign to widen the scope of hospital care.

## Proposal of Miners Rejected

From Page One

Charles O'Neill, of New York, spokesman for the operators, said the retroactive pay stipulation would impose a "contingent liability" of many millions of dollars upon the operators, and he also declared that its adoption would put Lewis into a position to filibuster the conference. Lewis denied O'Neill's assertions.

Industrialists and organized labor alike viewed with interest official proposals for creation of a federal mediatory board to deal with strikes in defense industries. Labor Secretary Perkins and William S. Knudsen and Sidney Hillman, co-directors of the office of production management, were reported authoritatively to have laid before President Roosevelt yesterday a recommendation for an 11-member board.

Details were not discussed, but it was expected that employers' employees and the general public would be represented if the president decided to form such a board by executive order.

In another Washington development, the Labor Department announced that its conciliation service last month settled 286 strikes, threatened strikes, lockouts and other labor controversies, involving a total of 137,000 workers.

Plans were being speeded for a hearing on the CIO-United Automobile Workers bargaining election at two Ford Motor Company plants in the Detroit area, following conflicting reports of a labor disturbance at the Ford rolling mills and open hearth department yesterday. Tentative plans call for a hearing on the petition March 28. It would involve some 35,000 workers at Ford's Highland Park and Rouge plants.

Strikes continued to spot industrial New Jersey despite settlement of the Edison controversy. Three thousand workers remained out at the Aluminum Company of America plant at Edgewater, so did 1,500 at the General Instruments Corporation plant at Elizabeth and 2,000 at the Cornell Dubilier plant in South Plainfield.

In New York City, further conferences were called today in an effort to settle the bus strike, which has paralyzed 95 per cent of Manhattan's surface transportation facilities for four days. CIO-Transport Workers are asking pay increases.

Most partially deaf persons are able to hear conversation better in noisy places.

## Chandlers Valley

Chandlers Valley, March 13—Myron Brew returned Thursday from the Warren General Hospital and is getting along satisfactorily after his accident.

Carl Anderson has received word of the death of his sister, Mrs. Edwin Holmer at New York City. Mrs. Holmer was a frequent visitor of this vicinity.

Mrs. Maneval, Mrs. Patmore, Mrs. Crowl and Mildred Hultberg attended a cooking school at Jamestown last week.

Mrs. Herman Hendrickson, Mr. and Mrs. William Schroeder of Manchovy, Pa., spent the past week making preparations to move into their new home recently purchased from Richard Jones.

Mrs. Wilson and daughter Harriet, Mrs. Ruland and son, Perry, spent the week-end with Rev. and Mrs. John Carlson at Great Valley, N. Y.

Several from this place attended the annual spring conference at the Kiddier Memorial church in Jamestown, Friday evening.

Alden Carlson and Miss Dorothy Carlson of Jamestown visited the former's sister, Mrs. Donald Holcomb, Sunday. His grandmother, Mrs. Louise Wall, returned with him to Jamestown to spend a few days.

## Corydon

Corydon, Mar. 12—Mrs. Geo. Leichter was a recent hostess to members of the Hearts and Spades Club, held at the home of Mrs. Marion Edwards. Mrs. R. J. Clawson entertained the Wednesday Night Social Club at a recent gathering.

Rev. Shirley, of Owosso, Mich., will conduct evangelistic services at the Nazarene church starting March 30, assisted by the pastor Rev. R. J. Shoff.

Mary Lou Platt recently entertained a number of friends at her home. The time was spent with games and lunch was served.

Mrs. Lloyd Smith was hostess at a birthday dinner complementing Mr. and Mrs. Jerry Smith, of Sugar Run. Louis and Louise Crooks of Stickney, attended from away.

Mr. and Mrs. Carl Laubach are vacationing in Florida.

Mr. and Mrs. Mitchell Mahon, of North Warren were recent visitors of Mr. and Mrs. A. M. Kraft.

Mr. and Mrs. August Kopanski are late Bradford visitors of relatives.

Mr. and Mrs. James R. B. Caldwell and daughter Sandra, have returned from Warren.

Members of the local board of supervisors have announced that the following persons have aided financially in the upkeep of the old cemetery plot the past year: Nora Crooks, Jacob Schuler, Mrs. E. L. Vansickle, W. P. Williams, Mrs. Ira Williams, Harry Hays, mon, Garth Stoltz, G. A. Prue, W. D. Gardner, R. H. Duntley, R. J. Clawson, Stanley Platt, J. R. Crooks, George Black, James Pascarella, W. C. Marsh, Wm. Carman.

O. J. Tome, a patient in Bradford hospital, is improving satisfactorily.

Harry Mathers is able to be out again following an injury by falling.

Mr. and Mrs. C. E. Bortoff had visitors from Bradford last week.

Dr. C. C. Platt, of Kinzua, well known county physician, observed his birthday anniversary on March 5th, with a family dinner party.

Some from here attended the Pomona Grange sessions in Youngsville. Mrs. P. R. Duntley was a member scheduled on program.

Work on the new bridge along Corydon-Bradford road, getting under construction last fall, is progressing extremely slow. By report completion isn't expected till early summer. The detour however is in fair condition. A winter of tremendous snows has aided by keeping deep ruts filled.

Mrs. Sara Morrison is visiting Mr. and Mrs. Edward Wilson and family in Jamestown.

Mr. and Mrs. Floyd Peterson spent Tuesday evening with her father.

Mrs. Anna O'Dell is reported improved from illness.

## AMUSEMENTS

**The All-Time Prize Panic Of the Screen At Library Theatre**  
 Today and Saturday

A legal technicality by which a scraggly married young couple suddenly discover they're not married at all, forms the theme of the new Carol Lombard-Robert Montgomery vehicle, "Mr. and Mrs. Smith."

The slight alteration in the boundary line of a Western state makes for all the trouble, and, factually annuls the three-year-old wedding ceremony of the Smiths. Ordinarily all they would have to do is to remarry immediately, but at the moment the Smiths are having some domestic difficulties, and the news comes as something of a shock.

Around this hilarious situation, with its many mirthful possibilities, is woven what is said to be the year's most entertaining comedy, with Alfred Hitchcock directing the two stars. How Smith frantically endeavors to persuade Mrs. Smith to marry him again, and the introduction of Smith's law partner as a rival in the case, with the heroine unable to make up her mind which man she wants to marry, all lead to hectic consequences and a riotous climax.

Gene Raymond plays the top featured role of the partner, and such noted players as Jack Carson and Philip Mervale, Lucile Watson and Esther Dale have important supporting roles. Harry E. Edington for RKO Radio, produced the picture from Norman Krasna's original screen-play.

## Giant Shipyard is Promoted by Pennsylvanian

(From Page One)

The annual payroll is expected to run over \$25,000,000.

Associates of Jones in the new corporation which has filed incorporation papers with the secretary of state in Tallahassee, are L. E. Detwiler, executive vice president who described it as "one of the largest undertakings of its kind ever launched in the United States;" Grant E. Shipley of Pittsburgh; Commander E. A. First, former president of the New York Ship and Drydock Corp., and Captain V. Younkewitch, prominent naval architect and designer of the French liner Normandie.

Detwiler said a staff of engineers, headed by John M. Rice of Pittsburgh already has been making a survey for the government, 35 draughtsmen have been working on preliminary ship sketches.

The special activity for the next meeting, it is announced, will be sewing and knitting for Bundles for Britain. Each member is asked to bring her lunch, and Mrs. F. C. Eaton past president cordially invited the members to meet at her home for this April session.

BY WM. E. MCKENNEY  
America's Card Authority  
I hope that hand No. 13 in this year's World Bridge Olympic which is to be held April 17, will not prove the Jonah that last year's hand No. 13 was. The committee prescribed the bidding, and figured that the only problem on the hand was for East to make the correct opening.

They stated, "The whole defense hinges on the opening lead. East is expected to see from the bidding and his holding of top clubs that the best plan is to lead through South's declared heart suit, in an effort to knock out the side entries to the declared club suit. After any other lead, declarer should make game easily."

But many defenders tried other opening leads and still made life difficult for declarer. An East player in a game at Portland, Ore., opened to the five of diamonds. The pack forced the ace, and North laid down the queen of clubs. East held off, then won a second lead of the suit.

Now East saw it might be a good idea to attack the hearts. Declarer could not afford to duck a round of this suit, because then a diamond would come through and thus set up the fifth trick for the opposition. So South won the heart and led another club. East won and continued a heart.

While South was able to run the club suit, he lost his contract because the spade suit was not established. As soon as West got in with the ace of spades, he cashed two good heart tricks.

as much as the community thought proper, was socially ostracized.

The new setup will work out about like this:  
Anyone having dimes, quarters, four-bit pieces or dollars he doesn't know what to do with will be entitled to buy the interest-bearing defense saving stamps. The stamps can be pasted on cards or in books, which will be provided free.

When the stamp collector has accumulated up to \$18.75, he can trade the stamps in for a baby bond, which will have a face value of \$25. That is, it will be worth \$25 if the owner hangs on to it till it's due, ten years later.

Of course, if the purchaser has the \$18.75 in a bunch, he can buy the bond without the stamps, direct, or for \$37.50 he can buy a \$50 bond, and so on. Individuals, however, will be limited to \$5000 worth of bonds apiece in order to spread out the purchasing.

For estates and trust funds there may be larger denomination defense bonds—\$5,000 and \$10,000—but the interest rate will be lower and the limit on these will be \$50,000.

The baby bonds and stamps have an average yield of about 2 1/2 per cent interest, compounded semi-annually, but the rate varies, depending on how soon they are turned in. They may be turned in at any time, 60 days after purchase, but the longer you hold them the more interest you get.

With as democratic a setup as this, you may soon figure on going into the grocery store, throwing down a buck, and asking for

## THE FELLOWSHIP OF PRAYER

The Remnant

FRIDAY, MARCH 14. "And the remnant . . . shall again take root downward, and bear fruit upward." Read Isaiah 37:31-35.

The ageless ascent of life, they tell us, has always been through some sifted and prophetic remnant, survivors of sore tests but thereby proved and tempered. The most precious things have always been entrusted to some steadfast remnant. Faith and freedom, truth and goodness have again and again been saved by a remnant. Their heroisms are the glory of history, their fidelities are the splendor of spirit in action. They have held the future in fee.

Our own strength is in some faith no doubt can darken; some love no hatred destroy; some loyalty which no adverse can engulf. It may be that a remnant will again rebuild a nobler human and Christian order and the future acclaim not massed power but the remnant it could not break.

PRAYER: O Thou Refuge of the Hard-Beset and Sure Support of the Steadfast, we thank Thee for all those whose fidelities have blessed the unborn, whose vision has kept undimmed the great lights. Give us grace and wisdom to maintain and increase what they have bequeathed to us. In the Master's name. Amen.

## NOTED SPEAKER TO APPEAR AT FOREMEN'S CLUB

Dr. Allen A. Stockdale, one of the country's most eloquent speakers, will address the annual dinner meeting of the Foremen's Club at the Y. M. C. A. next Monday evening at 6:30 o'clock. His subject will be "The America We Defend." In addition to the Foremen's Club, members of the local service clubs also will attend the dinner.

Dr. Allen A. Stockdale, a native of Zanesville, Ohio. He was graduated from the Eastern University school of theology and did post graduate work in philosophy and sociology. He was a resident student at Oxford University in England during 1922-23.

Dr. Stockdale has held pastorates in Boston, Toledo, Chicago and most recently at the First Congregational church in Washington, D. C.

During his residence in Boston, Dr. Stockdale was chaplain of the Emerson College of Oratory and at present he is a trustee of that institution.

He served for six months in France during the World War as a Red Cross field worker with the commission of captain. He was with the Second Division Soldiers in Italy, 1918, at the opening of the big drive.

Dr. Stockdale is the author of many bits of well-known poetry. He was at one time editorial contributor to the Peoples Home Journal and the Congregationalist, and was formerly editor of the devotional magazine called the Reveille.

Since November 1, 1937, Dr. Stockdale has been speaking exclusively for the National Association of Manufacturers.

## Scout Leaders And Guests Entertained By County Council

Seventy-four Girl Scout leaders and members of standing committees were present from Ludlow, Pittsburgh, Spring, Grove, Youngstown and Warren for the party given last evening at the Y. W. C. A. activities building by the county council.

The moving picture shown at the Pan-American Entertainment Camp and the last year was shown and much enjoyed. Another feature was an original play, "Juliette Low and the Girl Scouts," presented by the 13 of McClintock school, whose leader and director is Mrs. F. A. Tamm. The girls taking part were Shirley Benson, Mary Colosimo, Audrey Devine, Mary Lou Austin, Doris Dunsinger, Kathleen Smith, Betty Smith and Eleanor Morris.

Mrs. Magno de Carvalho, of Rio de Janeiro, Brazil, visiting here temporarily, was a guest of honor since Pan-American friendship and cooperation is the theme for Girl Scout activities this season.

Bill Shire, of Kilmora, called for square dancing and Mrs. Glenn E. Pock was at the piano for this portion of the program.

Appointments for the very attractive table from which council members served refreshments in buffet style, were carried out in green and gold. In charge of this planning were Mrs. N. A. Wendelbee, Mrs. Clifford Johnson and Mrs. Warren Scott.

From 4:15 until 8:00 o'clock this afternoon, also at the Y. W. C. A., the council is entertaining about 200 Girl Scouts from all parts of the county for the 25th anniversary party. The entertainment picture is to be repeated also the McClintock group's play, and the committee will serve refreshments.

### AFGHAN-KNITTING GROUP HAS MEETING

The Afghan-knitting group of Bundles for Britain held its regular meeting and tea at Trinity Memorial Episcopal church Thursday afternoon. It is announced that a special display will be seen in a window of the Woolworth store from now through Sunday; also that a new shipment of afghan wool has been received and anyone desiring supplies before next Thursday may secure wool from Mrs. Allen Carter.

Miss Ethel McCray was chairman for yesterday's tea, assisted by Mrs. Sherman Smith, Mrs. C. H. Wilkins, Mrs. Chester Renaldi, Mrs. Robert Gibb, Mrs. W. J. Phil, Mrs. Owen McLesler and Mrs. Lawrence. Presiding at the tea table were Mrs. McClesler and Mrs. J. W. A. Luce.

Mrs. McClesler will be hostess chairman for next Thursday.

### DR. KIPPEN WILL BE COLLEGE CLUB SPEAKER

Dr. Arnold Kippen, member of the Warren State Hospital staff, has been secured as guest speaker for the March meeting of the College Club, postponed from this evening to March 21. Members will meet at eight o'clock at the Philadelphia Club to hear Dr. Kippen talk on "The Refugee Problem."

Mrs. Jordan Overlund is program chairman for this month and Mrs. E. K. Rogers will be hostess.

### COUPLE ARE TO BE MARRIED SATURDAY

Mrs. Helen Goal, daughter of Mrs. Ida Goal, of Conewango avenue, and Alvin Albaugh, son of Mr. and Mrs. Vern Albaugh, of Clarendon, will be united in marriage Saturday afternoon at 2:30 o'clock in the Evangelical church at Clarendon by Rev. A. G. Moore, in the presence of the immediate families and close friends.

## School Drama Club Presenting Classic Guild of New York

It is of particular interest to friends here that Miss Joan Beckwith, daughter of a local high school faculty member, Ernest Beckwith, is to appear in the Classic Guild presentation next Thursday evening at the high school. Miss Beckwith has been a member of the New York company for some seasons.

Instead of the customary after-school Shakespearean program, this year the Guild players are to be seen at 8:15 o'clock, when Dickens' "Tale of Two Cities" will be open to the public.

Sponsored locally by the High School Dramatic Club, the visiting group has presented to student audiences "Hamlet," "Midsummer Night's Dream" and other Shakespearean plays. Those attending have been delighted and will welcome another appearance of the group. Included in the cast, besides Miss Beckwith, are Stanleigh Cobbleigh and Edward Worthington, former Warren visitors.

During the past summer season, the Guild maintained a theatre in Connecticut, and several engagements have been filled just recently in the Chicago area.

The Dickens play, with its brilliant and stirring, appropriate lighting and splendid acting, promises to be unusually worthwhile.

## Greek War Relief Fund to Benefit From Card Party

Mrs. Gust Gerachinos heads the committee of women sponsoring a public card party next Tuesday evening, March 18, in the St. Joseph's school hall, proceeds to be used for Greek war relief.

The play will start promptly at eight o'clock and prizes will be awarded the winners in bridge and five hundred; also for a special duplicate game. To conclude the committee will serve refreshments.

Assisting Mrs. Gerachinos are the following: Mrs. Harry Danas, Mrs. Gust Spidion, Mrs. Bill Proulx, Mrs. Anthony Famos, Mrs. George Pappas, Mrs. Gust Goumas, Mrs. Gust Maniakas, Mrs. George Mavrehs, Miss Neve Mavrehs, Mrs. Gust Cheromis, Mrs. Peter Cheromis, Mrs. Nick Cheromis, Mrs. Mrs. Gust Zoupanis, Mrs. George Cottillon and Mrs. Anna Cottillon.

Excellent support is being given by the project and it is anticipated that there will be a record attendance for the benefit.

## Club at Russell Has Anniversary Event

Russell, March 14—Members of the A. No. 1 Club observed the 26th anniversary of the founding of the club last evening, entertaining their husbands at dinner and a pleasing party at the Van Orsdale and Willis Building.

There were places for 34 at a table prettily appointed in green and white, with candles and favours carrying out the St. Patrick's motif.

It is of particular interest to note that this club, which has a membership of 18, has never had a death in its ranks in the 26 years of its formation.

Following dinner, an original poem was read by Mrs. Gerry Briggs, referring to each club member and proving very entertaining. The president, Mrs. Jay Wilkie, extended a greeting to Peter Cheromis, who was invited to the club by Mrs. Dan Larimer responding for the husbands. The remainder of the evening was devoted to the playing of charades and games, with many prizes awarded the individual winners.

Present for this very pleasing function were Mr. and Mrs. Dan Larimer, of North Warren, and the following from this place: Mr. and Mrs. L. A. Putnam, Mr. and Mrs. Clifford Kelley, Mr. and Mrs. Clyde Briggs, Mr. and Mrs. J. A. Van Orsdale, Mr. and Mrs. Ernest Beckwith, Mr. and Mrs. G. E. Matson, Mr. and Mrs. Arthur Kelley, Mr. and Mrs. Jay Wilkie, Mr. and Mrs. Gerry Briggs, Mr. and Mrs. Gerald Hale, Mr. and Mrs. J. G. Darling, Mr. and Mrs. Edna Root, Mr. and Mrs. Ray Thompson, Mr. and Mrs. George Hedges, Mr. and Mrs. Arthur Briggs and Mr. and Mrs. D. N. Warner.

## Pi Mu Chapter Has Program For March

Members of the Phi Chapter, Pi Mu Society, were entertained last evening at the home of the vice president, Miss Harriet Lind, Jefferson street.

A brief business session in the absence of the president, Frances Ann Carlson.

"Organ Point" was the theme for study, with Mrs. Allie Russell, chapter advisor, giving a talk and calling for illustrations by Miss Evelyn Samuelson, Miss Lind and Miss Maxine Ann Beebe.

The remainder of the evening was devoted to a miscellaneous program given as follows:

An April Shower.....Lemont Summer Song.....Grondahl The Gondola.....Hensell

Mrs. Russell Sonata in G (1st movement).....Haydn

Maxine Ann Beebe Sarabande.....Bach

Lois Johnson Crescendo.....Lasson

Harriet Lind

To conclude, the hostess served dainty refreshments for a pleasant social hour.

## Program of D. A. R. Is Greatly Enjoyed

The March meeting of General Joseph Warren Chapter, National Society, Daughters of the American Revolution, was held at the Woman's Club Thursday afternoon, with a fine attendance.

Mrs. Warren R. Garlin, regent, presented the chapter's support for a patriotic and historic picture, "The Land of Liberty," which is being sponsored by the Bucktail Chapter of the Order of the Purple Heart.

For the program, Miss Harriet Eaton read a fine paper on "Colonial Women of Pennsylvania," which had been prepared by Mrs. W. H. Allen, now in Florida.

Miss Eleanor Klinefelter was presented in two pleasing piano solos, "Clair de Lune" by Debussy and "The Bee" by Rimsky-Korsakoff. Mrs. Eugene Kuester was at the piano for two groups of contralto solos, beautifully given by Mrs. Everett Borg. She sang "Still as the Night" (Orr to Dreamland), "Songs My Mother Taught Me" and "Froning."

Venture was made of the continental congress convention of the national association, to be held in April in Washington, D. C. St. Patrick's decorations of green and white were used in the pretty tea table decorations. Presiding were Mrs. P. W. M. Pressel and Mrs. Leon Laskaris.

### SMITH CORNERS CLUB

Mrs. Gust Borg entertained the members of the Smith Corners Social Club recently at the home of her mother, Mrs. C. S. Hoag. The time was devoted to making candlewick pillow tops.

Girls were presented to the new daughter of Mr. and Mrs. David Eberhardt and in late afternoon lunch was served to 15 members and five guests. Mrs. Bauer, Mrs. Louis Lauffenburger, Mrs. Guy Uplinger, Mrs. Johnson and Mrs. Thelma Prendergast.

The next meeting of the group will be held at the home of Mrs. Edna Sechrist on March 26.

### TOWNSEND CLUB HONORS COUPLE

Seventeen members of Townsend Club No. 2 gathered Tuesday evening at the home of Mr. and Mrs. Lee Feiro, East street, who were recently wed, and tendered them a delightful party and towel shower. Visiting, story telling and the opening of gifts by the bride made the evening pass very pleasantly. The concluding feature being the serving of refreshments.

Guests present were Mr. and Mrs. Geen, Mr. and Mrs. Swanson, Mr. and Mrs. Head, Mr. and Mrs. Howard, Mrs. Knibbs, Mr. Braymer, Mr. Christoforo, Mr. Barnes, Mr. Atkins, Mr. Feiro is president of the club.

### DEFOREST CLASS

The regular monthly meeting of the Gerda DeForest Sunday School Class of the First Presbyterian church was held last night at the home of Mrs. J. E. Richards, 12 Brook street.

After the business meeting was concluded, the class pleasantly surprised the teacher, Mrs. DeForest, with a birthday party and shower of gifts. Refreshments appropriate for the occasion were served by the hostess, Marie Richards, Mildred Duffy and Frances Bartholomew.

### COLLEGE SPEAKER AT WOMAN'S CLUB

For its final meeting of the season, to be held at the Woman's Club at 2:30 o'clock Monday afternoon, the Community Service Department will present another guest speaker, H. W. Rankin, extension pathologist of Pennsylvania State College. The topic for his address will be "Disease of Flowers and Their Control."

The chief business item of the afternoon will be election of officers for the coming season, and, to conclude, the social committee will serve tea.

### O. E. S. PLANNING FOR INSTALLATION

The Order of Eastern Star here is planning for a dinner-meeting to be held next Tuesday evening, March 18, at six o'clock in the Masonic Temple. The annual installation of new officers will follow the dinner, with Mrs. Sallie B. Hancock, of Franklin, a past grand matron, as installing officer. All Eastern Star members are invited and are reminded that reservations are to be made by Saturday evening with Mrs. Roy Krebs, 1589, or Mrs. Grover Lind, 1797-J.

### ERROR IN NAME

It was incorrectly stated in yesterday's issue that Mrs. Harkless had appeared as a member of the cast in "A Woman's A Fool," March studio presentation of the Warren Players Club. It was Jean Harkless, instead, making her first appearance in a club production.

### FORESTRY OFFICIAL SPEAKING TO Y-DEBS

# Social Security and the New Job

Many workers are now changing jobs or taking first jobs as a result of these jobs are covered by old-age and survivors insurance under the Social Security Act.

Bernard A. Farabaugh, manager of the Erie, Pennsylvania, Social Security Board at 1001 State street, has prepared a series of eight brief articles for the Times-Mirror, explaining the steps each worker should now take in connection with his social security account to avoid delays or difficulties when he or his family are ready to collect insurance benefits.

Any worker who does not have a social security account number card can obtain one at the Social Security Board office.

No. 1

Every person who has deductions made from his wages for old-age and survivors insurance under the Social Security Act should see to it that each employer he works for has a record of his name and his social security account number just as they are shown on his account number card. That is the first step he must take to make certain that the Social Security Board has a full record of his wages earned in employment covered by this insurance system. The Board keeps a record of his wages in order to determine the amount of his monthly retirement benefits after age 65, or his family's benefits in case of his death. This, it is important that every worker should be credited to his social security account.

Each worker's account has a number—the same number that is on the account number card issued to him by the Social Security Board. The employer reports the worker's wages to the Social Security Board, using the name and number the worker gives him. If these are not exactly as shown on the worker's account number card, the Social Security Board cannot credit his wages to his account until the error can be corrected. The best plan for the worker to follow is to show his account card to each employer he works for so that his name and account number will be taken down just as they are on the card.

Each worker can properly have only one social security account number. Any worker who has received more than one account number should get in touch with his local Social Security Board office and find out if all his past wages have been recorded in one account. He should also find out which number he should use in the future. A worker whose account number card is lost or worn out should get a new card (with the same number) at his Social Security Board office. There is no charge for duplicate cards.

## Books Presented to the Public Library In Memory of Late Richard G. Dawson

A group of books presented in memory of Richard G. Dawson may be seen in the special memorial table display at the public library this week. All of these titles will be available for circulation on Saturday morning.

"Winter in Arabia" was written by a woman acknowledged to be one of the greatest travel writers of our day. Freya Stark is a scholar and adventurer with a rare facility in writing, in the fine tradition of Gertrude Bell.

Miss Stark is the only European woman who has ever traveled alone into the interior of Southern Arabia; only two others had ever been there at all. Certainly few could have had the gift for identifying oneself with other human beings as Freya Stark did. It is small wonder that the people of this interior Arab town were drawn irresistibly to her and the result was this extraordinarily rich and interesting as well as authoritative book. The book is profusely illustrated with photographs taken by the author.

Another book of a strange country is "Beyond the Smoke That Thunders". Lucy Pope Cullen went

### Russell

Russell, March 14—The Warren County Firemen's Association met at the I. O. O. F. hall Wednesday evening, with fifty in attendance. A supper was served by the Ladies' Auxiliary, followed by moving pictures on forestry.

The School Men's Club of Warren county met at the church on Wednesday evening for the monthly meeting with over thirty members present for the banquet served by the captain of the Ladies' Aid group, Mrs. Claude Pangborn, and her members. Following the dinner there was a program consisting of trumpet duet, Arthur Lindell and Donald Branstrom; song by the girls' chorus of the high school; solo, Joyce Ramsdell, accompanied by Mrs. Charles Titchner; moving pictures on "Visual Education." The April meeting will be held at Youngville.

There will be a play sponsored by the Ladies' Aid group on the evenings of March 21 and 22.

Mr. and Mrs. Marion Briggs and family were dinner guests of Mr. and Mrs. Theodore Engle Sunday. Loyal Briggs, of Honesta, spent the weekend with his parents.

### Bear Lake

Bear Lake, March 8—Mrs. Rose Evans, Mr. and Mrs. Wm. Evans, Mr. and Mrs. Harry Evans, attended the funeral of Mrs. Venealia Gordon of Columbus on Wednesday, Mrs. Gordon had many friends in Bear Lake who extend sympathy to the family.

Sunday morning about eight or eight-thirty o'clock, the fire bell was ringing and it was found to be Clyde Manwaring's home on east Main street. There was lots of people there and the Sugar Grove fire company was called and got there but the house burned to the ground. They have the sympathy of the people. They are going to rebuild.

Mrs. Ruth Sour attended the funeral of Mrs. Gleason on the Goshen road a few days ago.

Hugh Rodgers of Watts Flatts was a recent caller of his uncle, F. Woodin.

The Red Cross meeting was held at the home of Mrs. Whiteley on Tuesday.

The meeting of the chairman of the Red Cross of Warren county was held in the Y. W. C. A. building. Mrs. Ethna Crowe chairman, and Mrs. Leon Cable, supervisor of knitting work and Mrs. Mabel Tilton, supervisor of the sewing work. These ladies attended and report a very nice time. A very nice tea was served after the meeting.

Mrs. Ruth Sour expects to return to her home Sunday, after being with Mrs. Cora Cook for some time.

Penton Chapman is quite busy in his repair shop near the R. R. crossing. He files and guns saws, and does other repair work.

Kim Woodin, Mr. and Mrs. E. B. Bordwell and son Lavern of Harborside were Sunday guests at the home of their brother and uncle F. Woodin.

# NATIONAL FORGE SPENDS MILLION FOR EXPANSION

A dozen Pennsylvania concerns, including the National Forge and Ordnance Company at Irvine, are spending \$58,714,146 for plant expansion alone to fulfill contracts with the U. S. Navy, data given to Congress showed today. The information is contained in an Associated Press dispatch from Washington.

According to the dispatch, expenditures by the Warren county firm for expansion total \$1,036,216.

While several of the firms are receiving government financing in making their expansions, the National Forge is one of a half dozen listed which are financing their own improvements.

The amount being spent by the Irvine company includes \$13,650 for land \$370,028 for buildings, \$111,068 for plant equipment, including a railroad siding, and \$541,409 for machine tools.

The expansion program at the National Forge plant already is well under way.

## Former Garland Man In Penitentiary to Be Sent Newspaper

As the result of a request from John G. Polans, formerly of Garland, now serving a life term in the Western Penitentiary, Warren county men in that institution now are receiving a copy of the Times-Mirror each day.

Two weeks ago, a letter was received by W. A. Walker, president of the Times Publishing Company, asking that the paper be sent to Polans. The request was granted with the suggestion that the paper be passed around to other Warren county men in the penitentiary.

Today, Mr. Walker received the following letter from Polans:

"Your generous letter of March 10th was received with great excitement and appreciation, for your offer to send the Times-Mirror is accepted with a profound and sincere thank you."

"Yes, you are right, there are other Warren county boys here, and I will faithfully carry out your suggestion of passing the paper around, so that they too, may enjoy your delightful publication. In fact, I have already passed around the first issue that I have received, and informed the boys that the paper will be received daily with Mr. Walker's compliments, and they in return, have asked me to extend their sincere thanks and appreciation to you."

# Navy's Biggest Air Base Will Train 2500 Fledglings at a Time

This huge expanse of asphalt is just a part of the landing field at the main base of the Navy's new Corpus Christi air station. Three additional landing fields are under construction. The government is buying land for 25 practice fields, too.

## BY MILTON BRONNER

NEA Service Staff Correspondent

Washington, March 14—The navy's greatest air station—and one of the largest in the world—has made its appearance upon the sandy shores of Corpus Christi (Texas). Bay with a magic speed that should give dictators pause. The station cost \$28,000,000 and is one-third larger than the naval air station at Pensacola, Fla. It has four 5000-foot runways and its total acreage is 4653. An army of 10,000 men was able to build this station—which was started only last August—three and a half months ahead of the schedule, so that it would be ready for commissioning on March 12.

The first class of naval cadets will start lessons there on April 1. When in full operation, some time this summer, the station will have 2500 cadets in training under a staff of 800 officers.

As the navy has a long-range program which contemplates ultimately a force of 10,000 planes with a need for about 15,000 trained navy pilots. Secretary of the Navy Knox has announced opportunity will be open for approximately 1000 young men a month to enter flight training as naval aviation cadets. Applicants must be between 20 and 27 years of age

unmarried, agree to remain on active duty for four years, unless sooner released, and must either be college graduates or have completed not less than two full years of credits at a recognized four-year college.

Applicants may apply at any of the 313 naval recruiting stations in the United States. If accepted, they will be enlisted in class V-5, Naval Reserve, and ordered to preliminary flight training for thirty days. They will go to one of the thirteen naval reserve aviation bases located at Boston, Seattle, New York, Detroit, Washington, Kansas City, Philadelphia, Minneapolis, Chicago, St. Louis, Oakland, Long Beach, Cal. and Miami.

If the applicants successfully complete their preliminary training, they will then be transferred either to Corpus Christi or to Pensacola or Jacksonville, where they will be appointed aviation cadets. They will next undergo flight training which will take about eight months, after which they will be commissioned as ensigns in the naval reserve and ordered to active duty as naval flyers.

A recent law permits the president to appoint each year as commissioned officers in the navy, as many naval aviators as he deems

necessary. Three years after appointment as ensigns in the naval reserve, aviators are eligible for promotion to lieutenantcies. Upon termination of their active duty period they become naval reserve officers subject to call only in case of war or great national emergency.

Aviation cadets are furnished all necessary uniform equipment and get pay and allowances amounting to \$105 per month. Upon being commissioned as ensigns in the naval reserve, they get \$245 per month.

The man who will play a big part in training air pilots for the navy will be Captain Alva D. Bernhard, a 55-year-old Pennsylvanian who has been named commanding officer of the Corpus Christi field.

After active service in various types of naval vessels, Bernhard went to the naval air station in Pensacola in 1927. He then was made commander of the Aroostook, an aircraft tender, and in 1929 was commander of the fleet air base at Coco Solo in the Panama Canal Zone. Later, after a period of duty work with the Bureau of Aeronautics he commanded the Lexington.

that he was engaged to return this year.

Mr. Woodrum's poetry has been widely published, has been used on many radio programs and is given an enthusiastic hearing wherever he goes. Each evening, he reads two or three of his poems. His unique style of writing on gospel themes has earned for him the title "The Edgar Guest of the Gospel."

Rev. Burl Sparks, from Seymour, Ind., is to be with Mr. Woodrum as song evangelist. His simplicity of spirit and interpretation of gospel songs have given him an outstanding ministry.

The services are to be each evening, except Saturday, beginning at 7:30 o'clock. Sunday services are scheduled for 11 a. m. and 7:30 p. m., and Rev. H. Blair Ward, pastor, extends a cordial invitation to all interested to avail themselves of the opportunity of hearing these outstanding men.

PATTERN 4721

by ANNE ADAMS

A small girl is more active than ever during the out-in-the-sun months—she needs plenty of wardrobe variety! This smart Anne Adams Pattern, 4721, includes a whole wardrobe of gay, crisp changes. First, you'll make a pretty little frock with puffed sleeves. The front yoke is of self-fabric or contrast, perhaps ruffled. Another style shows a pinafore, made by just omitting the sleeves and yoke, cutting the back neckline low, and adding perky pinafore ruffling. A third version is a sun-dress, made similarly to the pinafore, but with the sides omitted. Follow the Sewing Instructions for quick results.

Pattern 4721 is available in children's sizes 2 4 6 8 and 10. Size 6 dress takes 1 3/4 yards 35 inch fabric and 1 yard contrast fabric and 1 5/8 yards 35 inch fabric and 1 yard contrast ruffles.

## YOUTH KILLED IN FLORIDA LEAVES RELATIVES HERE

Mrs. Edith McCool, Pennsylvania avenue, east, has just received from Florida City, Fla. the news that her grandson, Stanley Milliron, was accidentally shot and instantly killed in that city on Sunday, March 9.

The family, residents of Jamestown, had gone to Florida to spend the winter in the hope that the southern climate might benefit Mr. Milliron's failing health.

Details of the tragedy were not given in the brief message received here, but it is understood the body will be cremated in Florida City and the ashes sent to the Henderson and Lincoln Funeral Home to await the later return of the family.

The death of this lad, who would have been 12 years old on May 1, came as a great shock to many relatives and friends in both Jamestown and Warren.

His mother will be remembered as the former Miss Ida McCool, daughter of Mrs. McCool, of this city. Other relatives here are the following uncles and aunts: James McCool, Mrs. Milo Thompson and Orval and Dorothy McCool.

## G. O. P. Leader Predicts Bills That Pass In Senate Will be Few

(From Page One)

On the question of assistance to China, Mr. Roosevelt said that matter was coming along all right, but that he had no announcements to make on it at the present.

Given "very enthusiastic endorsement" by Secretaries Hull, Stimson and Knox, the \$7,000,000,000 lease-lend appropriation bill advanced rapidly today through the preliminary phase of legislative consideration.

Chairman Woodrum (D-Va.) said his house appropriations subcommittee hoped to finish its hearings on the measure during the day—thus completing in two days its deliberations on the largest appropriation in peacetime history.

The bill already has acquired the No. 1 position on the house calendar for next Tuesday, and its passage by Wednesday night was generally forecast.

There was a conspicuous lack of outspoken opposition either in the house or in the senate. Most of the critical comment heard concerned whether the full \$7,000,000,000 was needed immediately or could be spent during the coming year.

## Studio Plays Safe on New Latin Film

Because Latin Americans have been kicking about Hollywood's inaccurate conceptions of Latin America, the studio making "Hold Back the Dawn," laid in Mexico, has called in an authentic Mexican as technical adviser. He's Ernesto Romero, former Mexican vice consul in Los Angeles, pictured above with Micheline Choulet and Madeleine Le Beau, a pair of French importations for the film.
